**Our Mission:**  
**To accelerate the transition**  
**to zero-emission shipping!**

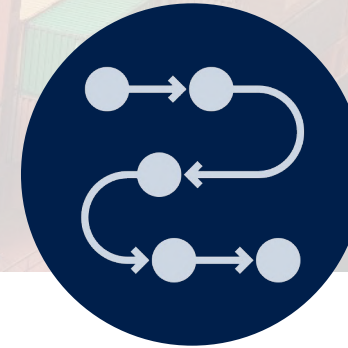

# Our zero-emissions (ZE) shipping services:

## **ZE Vessel Owner**

We are building our own fleet of zero-emissions inland and short-sea vessels, which we offer for charter.

## **ZE Advisory**

We enable others to make the transition to zero-emissions by supporting on technical and regulatory aspects as well as project development and management.
